Land at The Rock Old Park Roundabout, Telford

Location

Telford is a recognised regional and national focus for both economic and housing growth, and lies approximately 32 miles north-west of Birmingham City Centre and 15 miles east of Shrewsbury.

The site is located approximately 1 mile to the west of Telford Town Centre, 1.8 miles from Telford Central Train Station and 1.5 miles to Junction 6 of the M54, which provides wider access to the M6 motorway in addition to Shrewsbury and Wales via the A5 to the west.

The development site at The Rock has frontages to West Centre Way, Colliers Way and Rock Road. The site is located in a prominent position midway between Telford Town Centre and Lawley Village. Lawley Village is a visionary new development of over 3,000 new homes together with a village centre, which included a Morrison's Foodstore, retail and office units. In addition, community facilities are included within the village. Established housing surrounds the site.

Description

The site comprises a rectangular plot of land, which is predominantly scrubland with hedges and trees along the fenced boundaries. The western part of the site has dense tree cover. The site slopes gently from West Centre Way to Rock Road.

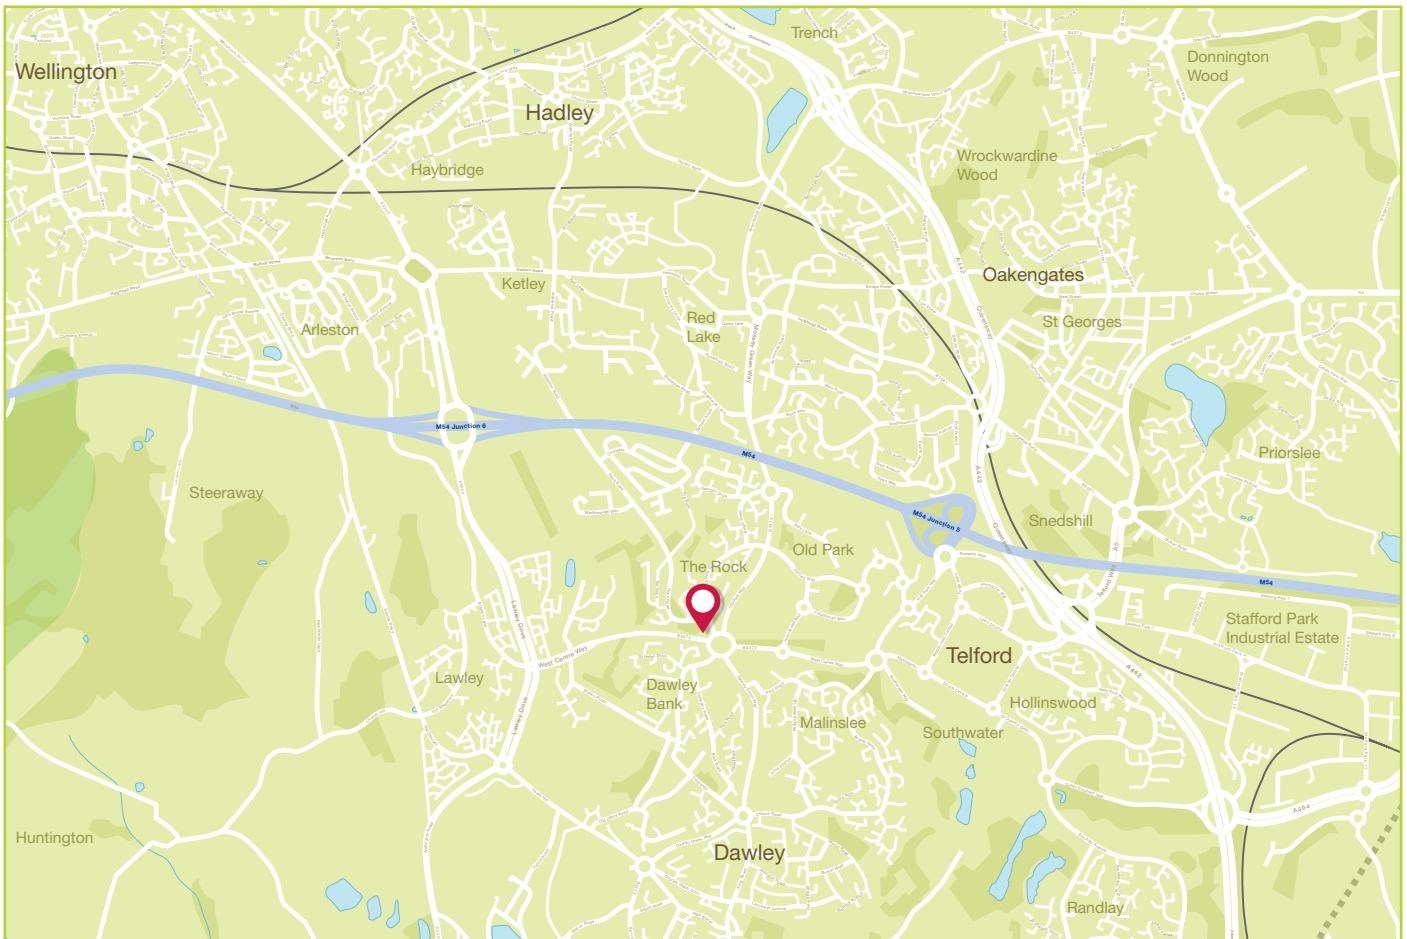

The topography of the site is generally uneven and the site is raised from the West Centre Way (B5072). The site has an existing access on Rock Road, and is owned in part by Telford & Wrekin Council and part by Homes England.

Tenure

The site will be sold freehold with vacant possession.

The site has an extant full planning permission (TWC/2018/0185) for the erection of bar and restaurant with the creation of new access, associated car parking and landscaping (A3 Use Class) which expires on the 7th September 2021.
